A MESSAGE FROM THE LODGE PRESIDENT:

Greetings, fellow lodge members.

See the photo to the left? Can you see that what hair remains on that head is very white? This guy must be as old as Bernie Sanders. Don't you want a younger, more energetic, person running your lodge? This really would be a good time for some younger members to step up. If you know someone who you think would be a good candidate for 2017 lodge president (or indeed, for any of the officer positions), please let us know. And if you, yourself, are interested, please come forward. The lodge, like any organization, needs periodic transfusions of young blood (metaphorically speaking, of course).

We hope to see many of you at the 2016 Syttende Mai picnic (flyer inside). We have a pleasant back yard with pool, and there is a public park adjacent. Mark your calendars for Saturday, May 21st. This is the closest weekend day that works out for this Norwegian holiday, which actually occurs on the 17th. This is also Armed Forces Day. Wear your patriotic colors, which of course are also Norway's colors.—President Steve

LUTEFISK DINNER?

Will there be one this year? Well, maybe. Or, maybe not. A date has been reserved at the Masonic Lodge facility (October 29th). But the usual cadre of dinner workers is tired. No one has stepped up to chair the dinner. We really need some new people to take over some of these events.

Chairing a dinner is not an overly difficult assignment, and the lodge possesses a complete crib sheet on how to do it. Anyone who volunteered would surely be helped by the old-timers.

If we do not have a chair-person in place by about July 4th, we will be obliged to cancel the event. Anyone wishing to volunteer should contact our Social Director, **LaRena Hannon**, or the Assistant Social Director, **Lyla Hanson**.

CONGRATULATIONS TO THE LODGE AND ESPECIALLY TO ANN SANDNER

Ann contributes considerable volunteer time and effort to Cordova High School, including promoting the history and culture of Norway in some of its cultural clubs. Earlier this year she identified a program at the school, Homeless Student Educational Services, as being worthy of monetary support, and the lodge subsequently approved a donation of \$250 to

this program. Additionally, the lodge applied to the Sons of Norway Foundation for matching funds to contribute to this program and Ann, who prepared the matching funds application, was recently notified that it has been approved!

Amazingly to many of us, this high school has identified over 100 students that it has classified as “homeless.” This classification includes persons who are actually out on the street to persons who migrate from one home to another to find a place to sleep, do their homework, and be fed. These young people need school supplies and similar items in order to stay in school. Hopefully the lodge grant (\$250) plus the applied for matching funds from the Sons of Norway Foundation (another \$250) will help with some of these expenses.

The lodge is happy to be of assistance to this program.

NORWEGIAN CLASSES AVAILABLE

Lodge member **Eric Swanson** sponsors Norwegian classes at his house in Folsom on the 1st, 3rd, 4th and 5th Wednesdays of the month. Please contact him for details: 916/225-3620, swannest@hotmail.com.

CURRENT NORWEGIAN “FLICK” ON ITUNES

This current Norwegian thriller movie *The Wave* can be rented online on iTunes. The film scene is a small Norwegian village, called Geiranger, which is threatened when a huge mass of rock tumbles into a fjord,

NAVIGATOR SCHEDULE

We probably will not publish again until mid July, due to our relatively light upcoming lodge schedule. Plan accordingly. – Editor.

UPCOMING CULTURAL PROGRAMS

The May cultural program will be **Norwegians in Texas**, presented by **LaRena Hannon**. Find out if Norwegians there are bigger than other Norwegians!

In preparation for this program, be sure and watch “**Norwegian Cowboy**,” by John Erik Loland, on YouTube!

The June cultural program will be a presentation on the **history and evolution of the Norwegian flag**. It so happens that that meeting occurs on Flag Day.

NORCAL KRETSSTEVNE SEPTEMBER 3-5, 2016, CAMP NORGE

Not only will you be able to work on your cultural skills, but there will be the annual horseshoe contest, bingo, a Craft Faire, and lots of fellowship!

NOTICE—IF YOU READ THE NAVIGATOR, PLEASE READ THIS: DISTRIBUTION CHANGES COMING

Many organizations have discontinued the distribution of their newsletters via US mail, and for the last several months we have been soliciting member opinions on a move to send the newsletter only by email to all for whom we have email addresses. The few responses we have received seem to favor the move. Several members have stated that they do not like getting the newsletter in the mail, and would rather see it only on line.

Therefore, we plan, with the next issue, to mail (USPS) The Navigator only to those for whom we do not have email addresses. (Exceptions can be made in extenuating circumstances.) Since we will be saving on printing costs, this mailed version will go first class, and so these recipients will get it sooner than otherwise. **If you feel we do not have your correct email address, please inform us of the correction.**

In addition to overall cost savings, this practice will greatly reduce the workload on the lodge Publisher (a volunteer job, of course), As thing stand now, each year the Publisher has to buy a license to send out the newsletter by bulk mail. The newsletters have to be assembled, sealed, and delivered to the main post office in West Sacramento in order to be sent by bulk mail. Also, we have to send extra copies to “ghosts” – that is, extra copies to some people in order to hit the 200 count minimum to qualify for a bulk mailing. And, of course, the newsletter can only be mailed as a black and white version. We hope this change will work out for the best.

APRIL MEETING PEA SOUP DINNER WAS A WONDERFUL REPAST AND MEETING

No doubt about it, the pea soup was terrific. What a wonderful meal. We are trying to thank everyone who contributed, but we are sure we will miss some. **Tove-Lise Miller** was our soupista. Delicious.

Donna Gordon was her main helper, as she made the desserts and secured all the table decorations. **Kristi Mattis** and young **Wyatt Mattis** were a great help, serving tables and doing similar duties. **Mike Gordon, Kirsten Wyatt and her husband Jack,** and maybe others, helped with the dishes. We also saw Kirsten and **Carol Francis** help serve. A number of others helped clean up. Thank-you.

Our program included a Camp Norge presentation, given by **Fred Hyman**, the Rec Board chairman. Impressive. More members should take advantage of this wonderful facility.

Also, our Financial Benefits Counselor, **Adrienne Lincoln**, presented the lodge with its revenue sharing check. Thank you, Adrienne!

Our event was also graced by the attendance of **Angela Hansen and her daughter, Mia Hansen**. Mia is the American twin featured in the Norwegian film we watched a while back entitled “**Twin Sisters**”, which recounted the simultaneous adoptions by an American couple and a Norwegian couple of infant girls from China, and how the two couples accidentally (providentially?) discovered that their girls were twins. Thank you for coming, Mia and Angela. We hope to see you again.

Mia Hansen answering questions from the audience.

“IRON MIKE” BUYS NORWEGIAN PIGEONS FOR ±\$17,000!

Norwegian teacher and politician **Roy Bø** was recently at an international pigeon enthusiasts’ conference in Netherlands when he received a rather out-of-the-ordinary business proposal. A breeder representing boxing legend **Mike Tyson** “pigeonholed” Bø and offered to buy three of his **Janssen pigeons**, called “without question the number one racing pigeon strain in the world”, for €5,000 a pop, or about US\$16,850. Bø, who has bred pigeons for 36 years, told local newspaper Strilen that the breeder representing the former heavyweight world champion “went wild” when he saw that the Norwegian had the sought-after breed, and he agreed to select three prime specimens from his 130 Janssen pigeons and send them to Tyson in Las Vegas. “I don’t dare sell him crap,” the 62-year-old told Strilen, as he gazed at an autographed photo of Tyson in his fighting prime.

trusted for this assignment. After all, if he fails he will have Iron Mike to deal with, and that might not end well for him.

First comes the flight across the Atlantic to New York – too far for the pigeons to make on their own. But since it would be too

Readers will probably remember that Tyson is widely considered one of the best heavyweight boxers of all time and ended his professional career with a record of 44 knockouts in 58 fights.

“Iron Mike” has been interested in pigeons since his childhood.

“The first thing I ever loved in my life – the pigeon,” he said in a 2011 interview. “They’re so much like people.” The 49-year-old retired champ told a magazine in 2001 that his first ever fight was a result of another kid in his Brooklyn neighborhood beheading one of Tyson’s beloved pigeons. (Tyson himself only bit the ears off of some of his opponents.)

But, Mr. Bø was faced with the dilemma of how to get the pigeons delivered safely to Tyson. Enter our own reporter **Dick Tracysen**, who has volunteered to escort the pigeons to their new home in Las Vegas in order to secure the rights to write about the event. Even though Tracysen is a known hunter and gourmet roaster of white-winged doves, a relative of the pigeon, he now claims to be a Johnny-come-lately greenie and Jerry Brown sycophant, and somehow he is being

cold for them in the aircraft cargo bins, the pigeons, reportedly to be named **Manny, Moe and Jack**, will be allowed to fly around in the passenger compartment during the flight. The airline – so far unidentified – plans to issue Columbia© brand rain hats to all passengers, to protect them from you know what. The passengers will be permitted to keep the hats – if they want to.

The release in New York City (so that the birds can “stretch their wings”) will be tricky, since pigeons seem to have a strong attraction to the many statues in that city, and it is feared that Manny, Moe and Jack will be distracted and possibly fall in love with some of the citified mongrel pigeons that hang out there and not be willing to return to their waiting private aircraft. But Tracysen has a plan:

he has hired a drone operator who will disguise one of his drones as a Janssen pigeon, and

the drone – this stool pigeon – will guide the birds back to LaGuardia.

Thereafter Tracysen plans a triumphant cross-country tour for the pigeons, displaying them in such obvious venues as Pigeon Forge, Tennessee, Pigeon Mountain, Georgia, Pigeon Hill, Missouri, Pigeon Ranch, New Mexico, White Pigeon, Illinois, Pigeon Falls, Wisconsin, Pigeon Springs, Washington, and finally in San Francisco, where Manny, Moe and Jack will be able to rest atop the statue of **Andrew Furuseth**, which should make them feel right at home.

Hopefully, Tracysen knows what he is doing and can deliver the pigeons to Tyson in Las Vegas unscathed. We would hate to receive a message via carrier pigeon about his untimely demise.

“There is a difference between a stool pigeon and a pigeon stool.” - Tracysen.

Does a pigeon walk pigeon-toed?

DR. GILMAN PASSES

Your editor notes in the most recent **Viking Magazine** that **Dr. Robert C. Gilman** of Pasadena has passed away at the age of 92. That name probably means little to most readers, unless they happen to remember the series of articles by Dr. Gilman that this editor printed in **The Navigator** during the period from about 2005 to 2007. For instance, we included in the June/July 2007 issue an article that he wrote entitled *Amundsen's Visit to Los Angeles in 1913*. At the time Amundsen was trying to raise money speaking about his successful trip to the South Pole.

dring the period from about 2005 to 2007. For instance, we included in the June/July 2007 issue an article that he wrote entitled *Amundsen's Visit to Los Angeles in 1913*. At the time Amundsen was trying to raise money speaking about his successful trip to the South Pole.

I had first noticed Dr. Gilman's articles in other newsletters. I thought they were interesting and well written, and I contacted him and asked if I could reprint some of them, to which he graciously agreed. We struck up a bit of an email correspondence, which I rather enjoyed, because I found him to be an interesting man. We had in common that we had both been US Navy officers, among other things. He made a standing request that whenever I published one of his articles that I send him a copy of the newsletter, which I did. I could tell from our email conversations that he actually read them.

I did not discover until later – he never mentioned it – that he had been the president of Occidental College for 23 years, and successfully guided that institution through some tumultuous years during the 60s and 70s while adding significantly to its endowment and physical plant, including athletic facilities used for practice fields for the 1984 Olympics.

I would have liked to have met the gentleman in person.
